Subject: Microsoft eXtreme coming to you November 4th

Subject: Microsoft eXtreme coming to you November 4th

Be the first to eXperience the newest,
hottest products at Microsoft eXtreme!

Microsoft and The Central Florida Computer Society have teamed up to bring
you Microsoft eXtreme!

In more than 30 cities across the United States, Microsoft eXtreme will be
broadcast live via satellite on Saturday, November 4th. This fun, free
preview gives you the inside scoop on a dazzling array of new products and
software.

Be the first to get the latest, exciting information about:

Encarta® Reference Suite 2001. It's a brand new version! A complete
reference library for all your information needs.

Encarta Language Learning products. Want to learn a new language? Check
out this fun and easy-to-use software.

Game Voice. See the revolutionary, new game headset and control pad that
brings the power of voice to your games and a booming new dimension to
your gameplay.

The new MSN®. New Internet software from Microsoft that makes it easier to
get more from the Web.

Windows® Millennium Edition. Come and see a follow-up demo of the next
operating system for your home PC.

Pocket PC. See some new features of the Pocket PC in a follow-up demo for
this pocket dynamo.

If you love to be the first to know about the latest technology, and want
to see live demos showcasing cutting-edge Microsoft products, then
Microsoft eXtreme is where you need to be!

Seating is limited for this free event.

Find out more and register for Microsoft eXtreme at
<http://www.microsoft.com/extreme>

Or, call 800-575-1243 to register.
